RE: NHDES Wetlands Bureau Complaint File #2002-641, Site Specific Permit# WPS-6567, Emerald Woods Development, LLC, Littleworth Road, Dover Tax Map F / Lot 22A

Dear Mr. Katz:

On July 10, 2006, the Department of Environmental Services ("DES") received the Spring 2006 monitoring report from your agent, Carex EcoSciences, LLC, for the above referenced property.

As a result of this report, it is determined that the deficiencies described in the DES Letter of Deficiency dated June 27, 2005 have been corrected. Please remove the silt fence from the areas outlined in the Spring 2006 monitoring report. At this time, DES will close its enforcement portion of the file regarding the property and no further monitoring is required. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the property.

Thank you for your assistance to bring this matter to a resolution. Should you have any questions, please contact me at (603) 559-1514 or e-mail me at dprice@des.state.nh.us.

Sincerely,

David Price
